2. "Retaliatory action" means any adverse change in the terms and conditions of a District employee's employment.

3. "Emergency" means a circumstance that if not immediately changed may cause damage to persons or property.

II. Reporting

A. Employee:
   1. In accordance with RCW 42.10.030, “Every local government employee has the right to report to the appropriate person or person's information concerning an alleged improper government action”.

   2. District employees who become aware of improper governmental actions should raise the issue first with their supervisor. If requested by the supervisor, the employee shall submit a written report to the supervisor, or to some person designated by the supervisor, stating in detail the basis for the employee's belief that an improper governmental action has occurred. Where the employee reasonably believes the improper governmental action involves his or her supervisor, the employee may raise the issue directly with the Chief or such other person as may be designated by the Chief to receive reports of improper governmental action.

B. Chief: where the employee reasonably believes the improper governmental action involves the Chief of the District, the employee may raise the issue directly with the Board of Commissioners of the District or such person as may be designated by the Board of Commissioners to receive reports of improper governmental action. To raise the issue with the Board of Commissioners the employee shall submit the written report to the Chairman of the Board of Commissioners.

C. Emergency: In the event of an emergency, where the employee believes that damage to persons or property may result if action is not taken immediately, the employee may report the improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action.

III. Confidentiality

A. The identity of an employee making a report shall be kept confidential to the
extent possible under law, unless the employee authorizes the disclosure of his or her identity in writing. (RCW 42.41.030)

IV. Investigation

A. District: the supervisor, the Chief or the Chief's designee, the Board or the Board's designee as the case may be, shall take prompt action to assist the District in properly investigating the report of improper governmental action. District officers and employees involved in the investigation shall keep the identity of reporting employees confidential to the extent possible under law unless the employee authorizes the disclosure of his or her identity in writing. After an investigation has been completed, the employee reporting the improper governmental action shall be advised of a summary of the results of the investigation, except that personnel actions taken as a result of the investigation may be kept confidential to the extent possible under the law.

B. Government: District employees may report information about improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action of the District when the employee reasonably believes that an adequate investigation was not undertaken by the District to determine whether an improper governmental action occurred, or that insufficient action has been taken by the District to address the improper governmental action or that for other reasons the improper governmental action is likely to recur.

V. Protection against Retaliatory Actions

A. Retaliation Actions: In accordance with RCW 42.41.040, District officials and employees are prohibited from taking retaliatory action against a District employee because he or she has in good faith reported an improper governmental action in accordance with these policies and procedures.

D. Appeal:

1. If the employee's supervisor, the Chief, or the Chief's designee, as the case may be, does not satisfactorily resolve a District employee’s complaint that he or she has been retaliated against in violation of this policy, the District
employee may obtain protection under this policy and pursuant to state law by providing a written notice to the District Board of Commissioners that:

3. After receiving either the response of the Board of Commissioners or thirty days after the delivery of the charge to the Board, the District employee may request a hearing before a state administrative law judge to establish that a retaliatory action occurred and to obtain appropriate relief provided by law. An employee seeking a hearing should deliver the request for hearing to the HR Director within the earlier of either fifteen (15) days of delivery of the Board's response to the charge of retaliatory action, or forty-five (45) days of delivery of the charge of retaliation to the Board for response.
